VOL. LIX: NO. 12. REDWOOD CITY, CALIFORNIA SATURDAY, JUNE 22, 1918. ESTABLISHED 1859.

ACTION TAKEN TO BRING S. F. SHIPBUILDING COMPANY HERE

The private ship yards of the San Francisco Shipbuilding Company are to be located in Redwood City. This was made known last Saturday when W. Leslie Comyn, president of the company, notified E. T. McGettigan, secretary of the Chamber of Commerce, that his concern would locate in Redwood City where the concrete ship Faith was built by that company.

The shipbuilding company asks that the tracks to the water front be ballasted, a good thoroughfare be constructed to the harbor front and good water supply be guaranteed. In return the company promises to employ 1000 men at the plant. The Chamber of Commerce has set about with enthusiasm and are backed by the people of Redwood City to secure the concessions required by the concern. Secretary McGettigan is looking after the interests of the people at San Francisco. R. F. Chilcott had the necessary petition signed by the citizens calling for an election to annex a strip of roadway from the city to the water front and 10 acres of land at the harbor front.

Mr. Chilcott presented the petition to the trustees on Monday night and that body passed a resolution providing for the election. At the request of Mr. Chilcott the board of supervisors on Wednesday took the necessary step to release the land to the city. The hearing has been set for July first. After that the trustees will call an election for annexation which will be about July 16th. Shortly after that a bond election for $75,000 will be called to secure funds to make the necessary improvements required by the company. There is no doubt but that the bonds will carry.

Within 30 days the ship building company will have men here at work on the new concrete ships. The company has contracts for eight government vessels and two for a private concern. All will be constructed here. More than 1000 men will be engaged in the work.

MUST PAY $40 A MONTH FOR PERIOD OF TEN YEARS

Judge Buck on Thursday admitted Thomas R. Zimmerman to probation on condition that he would file a bond in the sum of $1000 and pay the sum of $20 a month each for the support of his two minor children for a period of ten years. Zimmerman was divorced from his wife some time ago and according to the decree he was to pay for the support of the minor children. He failed to do this and departed for Washington where he was arrested last month and brought to Redwood City being in contempt of court. Mr. Zimmerman has filed his bond and will pay the county clerk every month the sum of $40 for support of his children for ten years Failing to do this he will forfeit his bond of $1000. Albert Mansfield appeared for Zimmerman. Mr. Zimmerman left yesterday to resume his position in a Seattle ship yard.

PROFESSOR BRYANT HAS NARROW ESCAPE FROM DEATH

Professor Frank Bryant and a student narrowly escaped instant death in a flight over North Fair Oaks yesterday forenoon. One of the controlling rods of the airplane gave away. Bryant started to descend in a circle and when about 100 feet from the ground lost control of the machine and it dashed to the earth striking on its left wing. This broke the fall for the occupants. They were not injured in the least but the airplane was demolished. Mr. Bryant's coolness in causing the machine to strike on its wing saved the men from serious injury.

COUNTY SOLONS MEET IN REGULAR SESSION ON MONDAY

The board of supervisors met in regular session Monday, June 17 at 10 o'clock there being present Dr. C. V. Thompson, presiding, T. L. Hickey, W. H. Brown, John MacBain and Jos. M. Francis.

Attorney Lee T. Ross of Redwood City appeared before the board in the matter of the hearing of the petition for the closing of a portion of Upis street in the Homestead district, the hearing having been continued from the meeting of June 3d in order to give the supervisors an opportunity of visiting the street in question and making an investigation of the conditions. Attorney Ross asked that a resolution be adopted by the board at this time granting the prayers of the petition asking for the reduction of the width of the thoroughfare from sixty to forty feet.

Attorney J. J. Bullock of Redwood City addressed the board and renewed his objections to the granting of the petition, he claiming that the public convenience and need would not be subserved if the portion of the street were closed.

Attorney George C. Ross followed Attorney Bullock in favor of the petition, arguing that there was no need of a sixty foot street and that a forty foot street would answer the purpose just as well as far as traffic was concerned.

Attorney Bullock claimed that the only person who would be benefited by the narrowing of the street would be George S. Garrett, the owner of the property fronting on the thoroughfare in question.

After reading the law governing the situation and after further argument in the matter Supervisor Brown in whose district the street is located stated that he was opposed to the granting of the petition under the present conditions and he suggested that the question could be amicably settled by Garrett making a donation to the Sanitary Board, who was interested in the abandonment proceedings.

It was finally decided on motion of Hickey, seconded by MacBain, to continue the hearing until the first meeting in September, in order to give the board an opportunity of thoroughly investigating the proposition before acting.

A communication was received from Franklin Swart, secretary of the San Mateo County Council of Defense, in which it was stated that this body at its meeting of June 10th, had unanimously endorsed the policy of the board of supervisors in regard to not making any public improvements that were not absolutely necessary. The communication was ordered filed.

A communication was received from D. E. Curley, managing editor of the South San Francisco Enterprise, in which he stated that he would refuse to publish any notices of application for vehicle permits unless notices were accompanied by check covering the cost of said application. The communication was ordered filed.

A communication from the Pacific Coast Land and Industrial Committee asking the board's cooperation in the matter of having a county exhibit at the coming exposition in Oakland between September 26 to October 6, was ordered filed.

A communication from the board of supervisors of Lassen county, enclosing copy of resolution adopted by that body and urging the calling of a special session of the Legislature to consider the passage of necessary the people of the State during the existence of the war, was ordered filed.

A communication was received from the United States Coast Guard Service, relative to the construction of a Government telephone line between Pescadero and Ano Neuvo Light Station on the coast side of the county. The communication was ordered filed.

The report of Miss Anne Bell Bailey, county librarian, for the month of May, 1918, was received, showing expenditures amounting to $342.37. In her report Miss Bailey called the board's attention to the big increase in the cost of maintaining the library owing to the increase in the cost of books and other supplies. She told of the splendid work the library has been doing in the way of spreading propaganda of a patriotic nature, especially in connection with the food saving problem and she asked that the board consider an increase in the appropriation for the library fund when the tax budget is fixed in the fall.

The report of County Auditor J. J. Shields, showing the amount of moneys that can be drawn against the different funds of the county during the month of June was received and ordered filed.

The report of James R. Eubanks, superintendent of the county farm and hospital for the month of May, showed that he had cared for 64 inmates during that time, 12 of whom had been discharged and 4 had died.

A petition for a permit to keep more than fifty hogs on his property just outside of the northerly limits the town of Redwood City, and on a branch of the Finger Creek, between the Second and Third townships, was received from Thomas Hind of Redwood City. The hearing of the petition was set for Monday, July 1.

District Attorney Swart reported that persons conducting a hog ranch on the above property had just been arrested for voilating the county ordinance in having more than fifty hogs on the premises, also on account of the filthy condition the place was found in, following an investigation by County Health Officer Smith, City Health Officer Chapin of Redwood and the district attorney.

On account of the ranch being in such close proximity to the town of Redwood City, the clerk was directed to notify the officials of that munici-

HOG RANCH NUISANCE NEAR TOWN IS BEING ELIMINATED

The hog ranch which has caused so much discomfort to the residents of Redwood City and which is located just at the northerly limits of Redwood City, came to the notice of the District Attorney's office only a few days ago. That official has the situation now thoroughly in hand and while it may take a little time to eliminate all discomfort, it will be eliminated just as quickly as conditions will permit.

There are between six and seven hundred large fattening hogs on a parcel of land not larger than a half acre. They are being fed on the garbage and swill from Camp Fremont. The offal has by the tide been crowded into a small slough and it is more or less of a problem as to the most practical method of dealing with this situation.

The district attorney has served necessary notices under the Public Nuisance Act for the removal of the nuisance. Two of the proprietors are under arrest and other arrests will be made just as rapidly as the situation demands. The proprietors are now liming the sloughs and pens and are removing large numbers of the hogs daily. They have also lost the swill contract at Camp Fremont and their old contract expires July 1st. The nuisance therefore, will be eliminated in a very short time. However, there may be some discomfort from the situation for some little time while the liming process is carried out. This seems to be the only practical solution of the problem for a removal of the debris would be absolutely beyond possibility. The hogs will all be removed as rapidly as transportation will permit.

Mr. McEvoy on finishing the contract filed a bill for $1,608.87 with the board of supervisors who rejected it on the advice of the county surveyor, J. V. Neuman, who said the contractor was not entitled to any more than $1,105.43. Mr. McEvoy then brought suit to recover the full amount of the claim. The court allowed McEvoy the amount indorsed by Neuman, to-wit $1105.43.

BOOTSTRAP FINANCE

A German statistician figures it out this way: When the war began the national wealth of the German Empire was $67,500,000,000. To this in the meantime there have been added thirty-two and a half billions through the issue of government obligations and the increase in agricultural land values. It the debit side only ten billions must be deducted for consumption of stocks and loss of German property abroad—leaving the national wealth of the country today at $90,000,000,000. The deduction from reasoning like this is that a nation, in order to grow rich, has only to borrow money from its people and spend it in making war. In other words, it is possible for a nation to lift itself by its financial bootstraps.

UNCLE SAM'S FILE CASE

Impetus is given to the project for the erection of a national archives building in the city of Washington by a bill introduced by Senator Miles Poindexter of the State of Washington. The matter has been brought before Congress in the past and designs for the new structure are already prepared in the office of the Supervising Architect. Senator Poindexter proposes that $40,000 be appropriated for the drawing of plans in accodance with those designs. Authorization is given the Secretary of th Treeasury to proceed with the erection of the building within a limit of cost of $3,000,000 to contain to 4,000,000 cubic feet of space, with possibilities of enlargment to $9,000,000. The need for such a structure has long been felt in Washington, the more so because of the present war activities of the Government.

REPORT OF SESSION OF BOARD OF SUPERVISORS

(Continued from page 1)

pality of the date of the hearing of the application for the permit.

Supervisor MacBain addressed the board relative to the petition sent in at the meeting of June 3 by a number of residents of La Honda, asking for the appointment of a fire patrol for that district. He stated that he had taken the matter up with M. E. Ryan, chief of Redwood fire department and he had agreed to cooperate in every way possible toward the formation of a fire district to include all the territory on this side of the mountain as well as on the other side. District Attorney Swart suggested that the traffic officers of the county be deputized as fire patrols to assist in the work.

On motion of MacBain, seconded by Hickey, it was ordered that Mr. Ryan be asked to look over the situation and make a report to the board in the matter, he being given authority to act in the meantime, if he found it necessary.

R. F. Chilcott, representing the Redwood City Chamber of Commerce, read a petition to the board that had been received from the San Francisco Shipbuilding Company, who had built the concrete vessel Faith, relative to their locating their plant on the Redwood Harbor Company's property just east of the town of Redwood City. Mr. Chilcott explained that it was necessary for the city to annex a certain strip of ground belonging to the county for road purposes to the proposed site for the plant. In order to get the necessary proceedings before the supervisors as soon as possible after the meeting of the city trustees he asked that the board meet again on either Tuesday or Wednesday. The board promised to adjourn to Wednesday afternoon at 2 o'clock.

F. G. Alhert of San Mateo was granted a vehicle permit, on motion of Brown, seconded by Francis, subject to the approval of his bond.

Ettore Croce of Colma was granted a dance permit at the second reading, on motion of Hickey, seconded by Francis, all the members voting "yes" on roll call, with the exception of Supervisor Brown, who voted "no."

William Graef, in charge of the Government squirrel exterminaion work in San Mateo county, appeared before the board and renewed his request for a renewal of the county's appropriation of $500 a month to assist in carrying on the campaign. Mr. Graef read a very interesting report showing the results of his labors in this district during the past six months relative to the area that had been covered and inspected by his men, the amount of poison used and the number of squirrels killed. He showed the necessity of following up the work if the desired results were to be obtained.

The board decided, on motion of Francis, seconded by MacBain, to appropriate $500 a month to carry on the work for another six months.

District Attorney Swart addressed the board relative to the destruction of the bean crop on the coast side of the county by the black aphis and he urged that some action be taken to prevent a reoccurrence of the great loss suffered by the farmers next year.

One bid was received for the construction of a well on the property of the county farm and hospital, as advertised. It was from Burroughs & Son of San Leandro and read as follows:

For sinking a ten inch well..
First 50 feet at $4 per foot.
Second 50 feet at $4.50 per foot.

A COMMUNICATION FROM GEORGE E. SEELY

At a recent meeting of the Board of Supervisors, District Attorney Swart took it upon himself to request that the Board authorize him to make an investigation into the system of "Patriotic Penalties", which I have been been imposing for minor infractions of the traffic laws. Securing the permision sought, and after an investigation conducted by himself, Swart in a scathing and bitter personal attack upon me, for political and other reasons, excoriated me as a "newspaper judge", a "cowardly petty politician." Did Mr. Swart for a moment consider that he has nearly every report he makes on any subject printed in as many newspapers in the County as will print the same, for example, a report on the jitney ordinance, his report on several of his criminal cases, his report about the "patriotic penalties", and a have assurance from reliable persons that Mr. Swart sends articles about himself to be printed in the various papers, so have we not a "newspaper District Attorney." My court is an open, public court. If anyone, reporter's or others desire to publish articles on trials, or other incidents I cannot prevent them, for it is their right. Pick up any San Francisco paper, and what do the majority of the articles contain, why, happenings and incidents in the various courts. Why then should our county papers deviate from this proceedure, and why should I be a newspaper judge; perhaps our District Attorney desires to have monopoly on the County press

In his report on the Thrift Stamps Fines which covered three pages of typewriting, in two lines he states that the patriotic penalties are legal, he knows they are ;and states further that there is no way to get this money for the County Treasury, and in the remainder of the three page report, he scathingly and bitterly makes a personal attack upon me, for political and other reasons, and then has this report printed in several newspapers, our newspaper District Attorney.

The idea of desiring to have the money derived from these Thrift Stamp fines remitted from the coffers of the United States Treasury, which in the present crisis is so badly needed, to put it into our County Treasury, proves that there must be some reason for Swart to take his stand against these penalties.

As to a solution of this problem, and as to Swart's reasons for his opposition, we can arrive at but two conclusions. Either Mr. Swart is opposing them for personal political reasons, at the expense of our Government, or he is an Obstructor of the Government's War policies. This puts the District Attorney in a strange light. Under the guise of the legality of these Thrift Stamp fines, he attacks them. Yet he admits under his signature in his report that they are legal. Still he attacks them. What can be the deeper reason, it must be the above quoted? Did Mr. Swart object to the Board of Supervisor's $5,000 donation to the Red Cross, and was it legal. Did anyone object? Was the purchase of $1,000 War Certificates by the Board legal? Is there any difference then between the Red Cross Donation, the purchase of the War Certificates, and the so-called "patriotic penalties" which I have been imposing. Do they not all go to fill our Nation's Treasury, and are used in our War Administration? How can Mr. Swart explain his attack on my stand?

I might be able to explain it to some extent. I would ask Mr. Swart, if he did not express the greatest regret, in my own courtroom, upon the trial of two wire thieves, who later plead guilty, and before several witnesses, that it was with great reluctance that he would prosecute the defendant. Two interned German sailors were the defendants at the bar, fugitives from justice . Mr. Swart, at the time stated, "I hate to prosecute such ,honest, good looking Germans". And this man who made the foregoing statement is our District Attorney.

Within the past two weeks, in the presence of two witnesses, Mr. Swart, in a certain store, in Redwood City, made the following remark, in regards to the shortage of sugar, and the Governmental restrictions, "This food conversation of the Government is all poppycock—the Government is carrying the food program too far." I hold the sworn affidavits of the two witnesses to this statement. While the house-wives, storekeepers, merchants, and in fact every person with a spark of patriotism for our Government, is doing their bit to aid the Food Conversation, our District Attorney makes this statement, showing where he stands.

What can be the reason, and why do such men as the Secretary of the United States Treasury, Mr. McAdoo, T. T. Wiseman, the County Director of War Savings Stamps, Sen. Jas. C. Nealon and hosts of others, commend me on the patriotic penalties which I have been imposing for minor offenses. they realize the Government in its greatest need is in receipt of what it needs, funds.

And the opposition, comes solely and entirely from one man, Swart, his letters, his attitude, his actions convince me that he is striving in every way to obstruct the United States Government, in their Thrift Stamp, War Savings, and Red Cross campaigns. I leave the public to draw their own inferences.

Proceeding now along a different line, I would ask Mr. Swart, who has the $600 fine which was imposed upon three hog ranchers of the northern part of the county, who were sentenced to a jail sentence, with the alternative of a $600 fine. They were never incarcerated in jail, neither was the fine reported paid into the County Treasury . You, Mr. Swart, had the money in your possession at one time, according to the knowledge of certain officials of this County. Where is this $600 now. There are many other things Mr. Swart, which look very cloudy but which space forbids I mention.

In conclusion, I insist

That the obstruction of sales of war stamps is an act worthy of the conferring of the Iron Cross upon the obstructor

That patriotic penalties do hurt. and is a punishment, inasmuch as the money is used to buy bullets to straffe the Germans.

That when any person, wilfully obstructs the Government, in any way, he is not worthy of enjoying the blessings of our American Democracy, and when such person should happen to be an official, the gravity of the offense is naturally enlarged, and the people may exercise their potion on election day.

Permit me to quote from an editorial of the Chronicle of June 20th:

"The man who finds it necessary at this stage to attempt to prove that he is a loyal American must have done things bewond all hope of excuse."

That I have but fairly stated my position in this matter, and submit the same to the people.

Dated, June 19, 1918.

GEORGE E. SEELY.

INTERESTING ITEMS FROM SAN CARLOS

Happenings in Our Northern Neighbor Town Reported by One of Its Residents

The first entertainment at our new school house to which the fond papas and mammas have looked forward with so much pleasure is now a matter of history and a pleasant memory, for there was not a perceptable hitch, worth mentioning, and no one went away disappointed as it proved one of the exceptional primary school entertainments and was not one of the perfunctory affairs to which the parents go just to please the children as they go to circus shows. Our teacher Miss Hind had many pleasing surprises in store for us for the program was unique in many of its features, all of which were inspiring and instructive, and exceptionally apropos of the time when the spirit of war, red cross and patriotism is abroad in the land. But few realized that we possessed so much excellent talent here in our midst and unassuming little hamlet. We lay no claim to any precocious or exceptional children in the community and hence the credit in a very large part is due our teacher for her rare qualities which enables her to inspire and hold the attention of her pupils, and for the unremitting toil and effort in the many days it requires for coaching and rehearsal. Every child, from the littlest to the biggest, did its part well, exceptionally well; every sylable, word, and accent distinct, and every gesture in its place, every movement natural, without embarrassment and without any sign of conceit or presumption upon the part of any.

The Misses Beatrice McDonald and Aileen Quinn have the pleasing distinction of being the first to graduate from the San Carlos schools, and we are sure they will acquit themselves quite as well when they enter the student body of the Redwood High. Those out of town who so generously contributed to the program either by recitation or song, were the Misses Mildred Lamb, Thelma Knox and Marie McAuliffe of Redwood City and Mrs. Fred Gardner of Belmont.

The notables from San Francisco who patronized our initial entertainment and dance, were the Hon. Judge Jas. M. Trout and wife and those of our county officials who lent their honorable presence, and incidentally their loose change, to the financial success of the affair, were Supervisor Bill Brown, Auditor Shields, County Clerk Nash, Assessor Flynn and District Attorney Swart, and those who are willing to serve the county were aspirants Fred Lippman and Roy Curran.

We must not forget that a great deal of credit is also due Mrs. Quinn who gave of her time, strength and talent by furnishing the music during the many days of rehearsal and also assisted Miss Hind in many ways toward preparing the children for these closing exercises.

At the time of writing we haven't the exact figures but it is estimated that the net receipts were from $75 to $100 all of which will be turned over to the Red Cross.

Many of the young folks were at the station Sunday evening to see Frank Quinn off on the Lark for San Pedro where he goes to join the naval reserves.

Walter G. Loveland, candidate for justice of the peace in the second township was a visitor at political headquarters last Saturday.

Miss Ruth Belden of Oakland was here for the week-end as the guest of the Quinns.

Miss Ruby Hurlbut was also a week- end visitor at the Clark home.

WEDDED TO ALASKAN HOME CUTS 'OUTSIDE' VISIT SHORT

The Seattle Daily Times of June 12th contains the following article concerning John Low a former resident of Menlo Park. While here he was the chief gardener for the Lynch Nurseries:

"No man but a true Alaskan knows what a real, warm love of country means. Nowhere else is there that great indefinable something which holds men to the territory and beckons them back when they wander to 'the outside.'"

In this manner John Low, former principal of a school at Richmond Beach, later a teacher in the government service in Alaska, and now one of the largest fur dealers in the Bristol Bay district, gives the reason for his impending hasty return to his Northern home at Nushagak after being in Seattle only a few days for the first time in ten years. Although this is Low's first time outside the Northland in a decade, he says he has already become extremely homesick and will return as soon os possible, not to come outside again only if compelled to do so for business reasons.

Last week Low met more than a score of his former pupils of the Richmond Beach school at a party given by John W. Whitman at his home at Richmond Highlands, and he was kept busy endeavoring to explain to them the fascinations that hold him in the North.

Low recently purchased trading posts at Kalukuk, Kanakak, Kanuluk and Togiak. He now has an enormous fur-trading business in the Bristol Bay district . Low says there is a great shortage in red fox furs, the supply having decreased fully 75 per cent during the last two years. The reason for the shortage is not known.

Low declares that the salmon output in the Bristol Bay region this year will run nearly 2,000,000 cases.

Low will start out on his dog team as soon as he returns to the North to take his annual trips to the trading posts to buy furs. Sometimes he will cover between 300 and 400 miles on a single trip.

The San Bruno booth appears to be one of the popular places in the Carnival. The Fiesta will come to a close this evening, Saturday, and the dancing will continue until 1 o'clock. It is said tat two regimental bands will be present.

COME AND BRING YOUR FRIENDS

A bank that appeals to Women

Thrifty women are conservative and discriminating. They demand the best banking facilities available. The Bank of Italy numbers among its depositors many thousands of women throughout California who appreciate the efforts of this strong, State-wide organization to assist them in the proper transaction of their banking affairs.

While the primary function of a bank is to safeguard the moneys in its care, this institution is prepared to do a great deal more. It is our policy to give our patrons every accommodation and service that can reasonably be required, and we consider the giving of dependable advice one of our chief functions. This feature has appealed particularly to our many women depositors.

Give the officers of the bank an opportunity to add the weight of their counsel to your efforts.
